Dear Diana:

New York Air Brake Landfill in Watertown, New York, EPA I.D. Number NYD980532543 was assigned to FIT for completion of a Preliminary Assessment under TDD #02-8710-43.

The NYSDEC Region 6 in Watertown is currently conducting a Phase II Investigation at this site to determine the location for monitoring wells. Once the wells are completed, the ground water will be sampled. If the ground water is found to be contaminated, the NYSDEC will begin a Remedial Investigation at the landfill.

Based on the above facts, a Preliminary Assessment is not warranted on this site.

Very truly yours,

Jane Bullis
